

Registro español de estudios clínicos en la Agencia Española del Medicamento y Productos Sanitarios (AGEMED)

The screenshot shows the homepage of the REec (Registro Español de Estudios Clínicos) website. At the top, there are logos for the Spanish Government and the Ministry of Health, and the logo for the Agencia Española de Medicamentos y Productos Sanitarios (AGEMED). The main navigation bar includes 'REec - Registro Español de Estudios Clínicos' and a 'Login' button. A search bar is prominently displayed with the text 'Busque estudios clínicos en España'. Below the search bar, there are buttons for 'Buscar' and 'Borrar'. A sidebar on the left contains links for 'Buscador', 'Manual de Uso', and 'Glosario'. A section titled '¿Qué es el Registro español de estudios clínicos?' provides a brief description of the registry's purpose.

Registro europeo de ensayos clínicos en la Agencia Europea de Medicamentos (EMA)

The screenshot shows the homepage of the EU Clinical Trials Register. The header includes the version 'EU-CTR Version: 1.2.1' and navigation links for 'Home', 'Search', 'About', 'Glossary', 'Data Quality', 'Joining a trial', 'Contacts', and 'EudraPharm'. The main title is 'EU Clinical Trials Register' with the URL 'Clinicaltrialsregister.eu'. Below the title, there is a search bar with 'Search', 'Reset', and 'Advanced Search' buttons. Examples of search terms are provided, along with search tips and contact information for the European Medicines Agency.

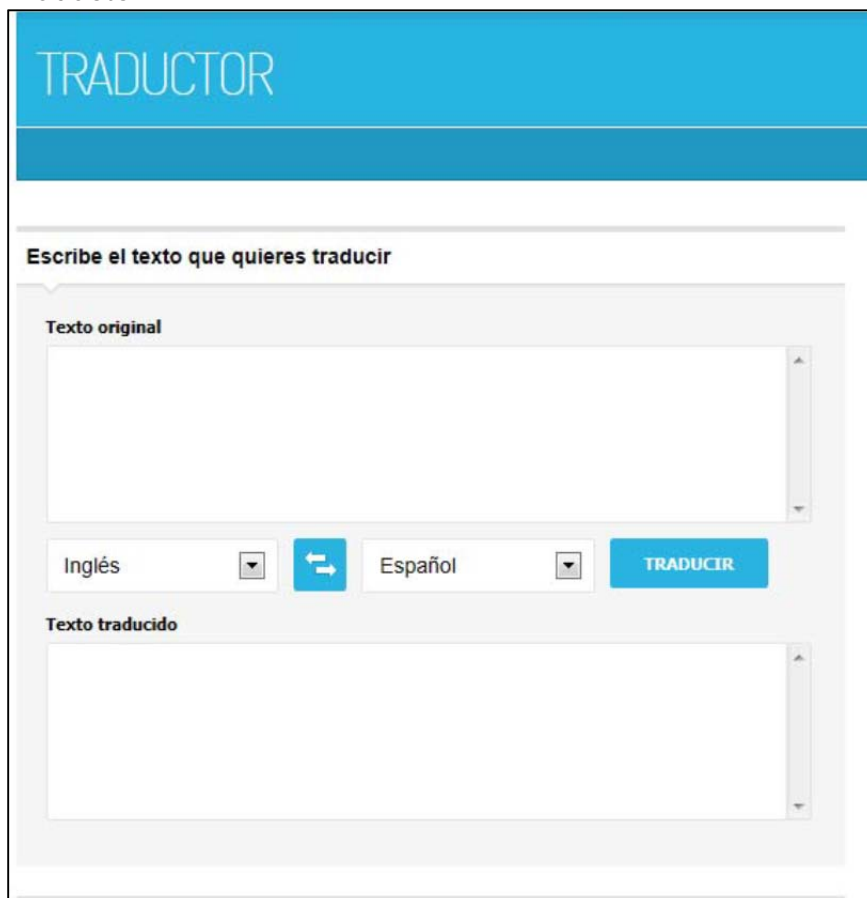

Clinicaltrials.gov en el Instituto Nacional de Salud de los EEUU (NIH)

The screenshot shows the homepage of ClinicalTrials.gov. The header includes the logo and the text 'ClinicalTrials.gov is a registry and results database of publicly and privately supported clinical studies of human participants conducted around the world.' Below the header, there is a navigation bar with links for 'Find Studies', 'About Clinical Studies', 'Submit Studies', 'Resources', and 'About This Site'. A main section titled 'Search for Studies' includes a search bar with an example query 'Heart attack AND Los Angeles' and a 'Search' button. To the right, there is a 'Locations of Recruiting Studies' section with a pie chart showing the distribution of studies: Non-U.S. Only (50%), U.S. Only (43%), and Both U.S. & Non-U.S. (6%). The total number of studies is listed as 31,220, with data as of November 03, 2013.

Traductor

The screenshot shows a web-based translator interface. At the top, there is a blue header with the word "TRADUCTOR" in white capital letters. Below the header, the instruction "Escribe el texto que quieres traducir" is displayed. The main area is divided into two sections: "Texto original" and "Texto traducido". The "Texto original" section contains a large, empty text input field. Below this field, there are two dropdown menus for selecting the source and target languages. The first dropdown is set to "Inglés" and the second to "Español". Between these dropdowns is a blue button with a double-headed arrow icon. To the right of the second dropdown is a blue button labeled "TRADUCIR". Below the "Texto traducido" section is another large, empty text output field.
